NOTES

- For registration you will need to follow the instructions as outlined at the website of the International Foundation for Production Research (https://ifpr-icpr.net/?page_id=9). Alternatively, you can contact the Chair of the Committee Doctoral Training and Early Career Researchers Programme: dr. ir. Rob Dekkers (rob.dekkers@glasgow.ac.uk).
- Note that the organisers of the 26th International Conference on Production Research will charge a compulsory fee for attending the doctoral workshop. For more information see the website of the conference: <http://icpr26.thu.edu.tw/>
- The deadline for applying to the doctoral workshop is 1st June, 2021 (GMT); however, if at the deadline there are still spaces open you can apply until 1st July 2021.
- Note that the maximum number of participants is limited to 30. Might there be more than eligible 30 candidates at the deadline of 1st June, 2021 (GMT), then the Committee IFPR Doctoral Training and Early Career Researchers Programme will prioritise attendance and notify the applicants as soon as possible. Might less than 30 eligible candidates apply before the deadline, then applications will be treated on a 'first come, first serve' basis until 1st July 2019.

PROGRAMME IFPR DOCTORAL WORKSHOP ICPR-26

- For the session ‘Discussion of Papers and Research Projects’ (Wednesday 14th - Saturday 17th July, 2021, final session of the workshop each day) you have to prepare a report about your research project. Alternatively you can use the paper that you are presenting to the conference. This report should end with three challenges you face for the completion of your doctoral study. The main body of text should be no longer than 5000 words (excluding abstract/summary, references, tables and figures). You should send this report to the Chair of the Committee Doctoral Training and Early Career Researchers Programme: dr. ir. Rob Dekkers (rob.dekkers@glasgow.ac.uk). Deadline: Monday 5th July 2021.
- For the session ‘Discussion of Papers and Research Projects’ (Wednesday 14th - Saturday 17th July, 2021, final session of the workshop each day) you have to prepare a Powerpoint presentation of 10’. This presentation should cover your research project for the doctoral study but not necessarily the contents of the paper you are presenting during the conference. Each presentation will be discussed by one discussant, followed by a discussion led by a board member of the International Foundation of Production Research. The discussants will receive the papers in advance so that they can prepare their commentary.
- To each report a discussant will be assigned. In the role of discussant you need to prepare a Powerpoint presentation of max. 15’ with constructive comments about the report and the challenges mentioned in the report. Each participant will discuss only once the research project of another participant.
- For the session ‘Meet the Board Event’ (Sunday 18th July, 2021) you have to prepare a poster or presentation about your doctoral study; note that alternative formats are allowed due to the virtual delivery. This presentation should cover your research project for the doctoral study but not necessarily the contents of the paper you are presenting during the conference.
- To receive a certificate, you are expected to attend all sessions. The organisers of the 26th International Conference on Production Research will ensure that the presentation of a paper at the conference will not coincide with attendance to the doctoral workshop.
